Word
Excel

CONFIDENTIAL POST:

Fire safety correspondent,
09/2012 – 07/2014
City of Vantaa city hall's communications
& marketing unit department.

INTERESTS:

DJ'ing, videogames, multimedia technology,
movies & documentaries, composing and
producing music, drawing & painting,
photography, internet, visual arts,
cycling & taking long walks with my dog.

OTHER:

Conscription: Civilian service completed.
I served in an internet-cafe owned by the City of
Vantaa. My job was to help elderly people to use
basic internet services and occasionally design
Kafnetti's ads for the areal newspaper. Other
tasks included being part of administrators group
in local residents bulletin board called "Nettilä.net"

I've also re-edited the almost 9 hour long Hobbit
film trilogy into a 3,5 hour long single film with
a friend, as a practice. Hundreds of hours of
work; substitute for editing a feature film. Great
exercise for: managing larger entities; pacing
and rhythm in larger scale; sound mixing etc.
