CONFIDENTIAL POST:

Fire safety correspondent,
09/2012 – 07/2014
City of Vantaa city hall's communications & marketing unit department.

INTERESTS:

DJ:ing, videogames, multimedia technology, movies &documentaries, composing and producing music, drawing & painting, photography, internet, visual arts, cycling & taking long walks with my dog.

OTHER:

Conscription: Civilian service completed.
I served in an internet-cafe owned by the City of Vantaa. My job was to help elderly people to use basic internet services and occasionally design Kafnetti's ads for the areal newspaper. Other tasks included being part of administrators group in local residents bulletin board called "Nettilä.net"

I've also re-edited the almost 9 hour long Hobbit film trilogy into a 3,5 hour long single film with a friend, as a practice. Hundreds of hours of work; substitute for editing a feature film. Great exercise for: managing larger entities; pacing and rhythm in larger scale; sound mixing etc.
